Re: "Approved" Clarian Safety Prequalification Rating

Dear Marsha J. Pugh:

An important part of Clarian's Contractor Safety Program is safety prequalification. This letter confirms your company's safety prequalification rating of "Approved" which is effective until February 1 of next year.

The safety prequalification process includes a review of your company's Experience Modification Rate (EMR), OSHA 200 and/or 300 log information, and submitted safety program materials.

Please inform Clarian Design & Construction Safety Staff of updated EMR, OSHA 300 log information, or revisions in your safety program, policies, or procedures that could affect the status of your company's safety prequalification rating.

If you have questions or concerns, contact me at 317-286-8034.

Sincerely,

Jeff Melson
Clarian Health Safety Advisor
